Date Issued

§ 1026.37(a)(1) | General Information | Page 1

Reg Requirement | Interpretation | Examiner View

The **Date Issued** is the date the Loan Estimate is delivered or placed in the mail to the applicant. This is not the date the form was generated in the loan origination system — it must reflect the actual delivery event.

REGULATORY REQUIREMENT

The creditor must disclose the date the Loan Estimate is delivered or placed in the mail to the consumer. The Loan Estimate must be delivered no later than **three business days** after receiving the consumer's application.

TIMING RULE

The Date Issued triggers the consumer's **10-business-day shopping window** — the period during which the applicant can accept the terms before they expire. If the rate is locked, that expiration date must also be disclosed on the same form.

BUSINESS DAY DEFINITION

For the 3-day delivery requirement, **"business day"** means all calendar days except Sundays and federal public holidays. Note this is a different definition than the one used for the 7-day waiting period — a common source of confusion.
